Dear Ms. Marina Freeman-Garvey:

It is with great pleasure that I write this letter of recommendation for Dr. Inamdar Kamal for a possible graduate program teaching position at California State University, Long Beach. Dr. Kamal has been a professor at California State University, Dominguez Hills, where I have taken the project management certificate courses for the past few years.

Dr. Kamal has a wonderful capability to teach in a way that is engaging, conscience, and easy to understand. His ability to connect with his students and his talent at teaching simple concepts to more advanced topics, are both truly superior. He knows how to time the topics well and his communication skills are outstanding. He has professional PowerPoint presentations and videos to support the topics he covers in class.

Also, he has this capacity to understand the learning curve of his students and he is always willing to take time to make sure we are clear. Finding a great teacher is very hard - but when you find one as amazing as Dr. Kamal, the sky is the limit: He formed study groups to help those of us taking the CAPM/PMP exam and spent time to guide us through the process. Without his continued support and coaching, I would not have been able to pass my CAPM exam. Now I am preparing to take the PMP exam.

I recommend Dr. Kamal to you without reservation. He will be an asset and a valuable teacher to your school and students. If you have any further questions please do not hesitate to contact me.

Sincerely,
