

## **LETTER OF RECOMMENDATION**

01 – 13 - 2015

**Dr. Kamal Inamdar**  
**University of California, Irvine**

### **To Whomever It May Concern**

The first impression that one forms of **Ms. Sariga Ann GeeVarghese** is that, of a person endowed with technical soundness and intelligence to put it to optimum use. She combines intelligence with imagination and this consequently makes her good in all things practical. It would be right to say that with qualities like dedication and hard work already present in her, she is bound to go places.

As a Professor of Project Management, I taught her on Procurements. During my acquaintance with, the notable quality that has thoroughly impressed me is her sharp thinking. An eager and keen student in grasping anything new in her field, she has been regularly keeping herself update about latest developments in her field. This, she has achieved through active participation in the seminars conducted by our College and extensive use of the college library.

Her abundant personal charm & excellent etiquette have made her popular among her student friends and have endeared her equally well to the faculty. Undoubtedly she will be a course of inspiration for others.

Looking at her personality in a holistic way, I would rate her in the top six students of her class. I strongly recommend her for graduate studies in Coleman University, San Diego.

For any further queries on her, you can reach me on [kamalinamdar@gmail.com](mailto:kamalinamdar@gmail.com), I shall be more than glad to assist.
